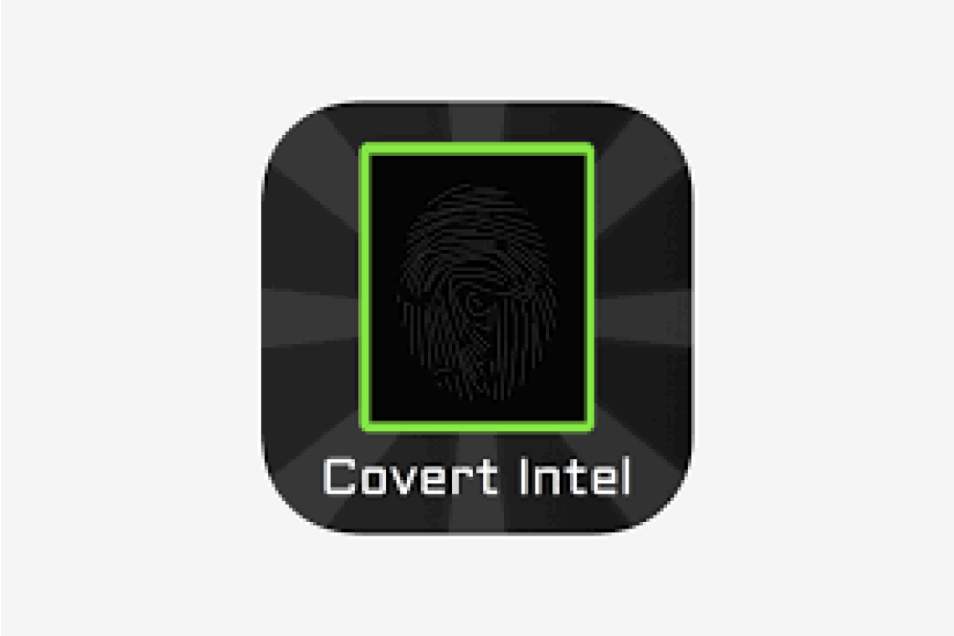
COVERT INTEL: Iran Talks . . .

HAL TURNER | WORLD | JUNE 19, 2026 | HITS: 10189



This Content is for Subscribers Only --

So myself and, then later than me, other news outlets, have reported Iran "suspended" the Memorandum of Understanding (MoU) and then called-off the talks in Geneva, Switzerland that were __*supposed*__ to begin today.

Many outlets made a big deal of also reporting that Vice President Vance was **NOT** going to Switzerland as scheduled.

Minutes ago, I found out that White House envoy Steve Witkoff **is on his way to Switzerland**, where the first round

EN

he revealed that President Trump's second envoy, Jared Kushner, **is already in Switzerland**.

Why it matters: The talks were supposed to begin on Friday but were postponed due to the fighting between Israel and Hezbollah in Lebanon.

It is still unclear if a new date has been "officially" set for the talks - but the people deeply involved, are on the move.

Apparently, there is considerable "behind-the-scenes" activity taking place.

Maybe it would be like when Twitter introduced country of origin and the State Department I think it was turned out to be located in Israel.

Sending Israeli agents to negotiate peace with Iran. How's that going to work out? Witkoff and Kushner are foreign agents undermining American interests on behalf of a terrorist state.

I've been wondering...after these talks with the US and Iran have a deal together, leaving Israel on the outside and no one in the world standing with them? End time prophecy??

It's obvious to me that this is going the way our Zionist friends want and that DJT is dissolving into the village idiot in front of our eyes.

I'm pleased that I am paying you for a small subscription... I'm a pensioner and I'm pretty much broke but you are giving me so much information... Definitely value for money.

The same two clowns that led talks where the Iranians got led to only being sucker punched in the middle of said talks are leading the new talks again.

What could possibly go wrong (again)?

I no longer take these attempts at reconciliation seriously. This is nonsense, and people shouldn't get their hopes up. Everyone is preparing and lining up for the end of World War III. Witkoff and pale Kushner are Khazarian Zionist scum. Who are they, and what is their past to hold these positions? They are mere scum and cunts wrapped in counterfeit money. I used to fear total war, and now I demand it. I want the entire Orsini family to smell the flowers from underneath, while the rest hang from a dry branch. Set everything on fire. Destroy this miserable, sinful world. Kim Jong Un, move your fat ass and start the show!

We should just cut Israel loose at this point. We should tell Iran they are not listening to us and we can't help what they do anymore.

Israel-Hezbollah ceasefire for one thing happening. However, the Israeli's may pull back to the south of the Litani river, there's no way they're going to withdraw from southern Lebanon. Hezbollah is Iran's proxy, this is a fight to the death, resulting in Ezekiel 38 and 39.

Iranians know you cannot please every one but will show those two odd balls something it can understand an above ground detonation on their
